US Army

Zantech performs Enterprise Resource Planning, Business Process Support, Solution Implementation, Data Center Engineering, Cybersecurity / Information Assurance, and Task Order Management to support US Army General Fund Enterprise Business System (GFEBS) systems.

US Army

Zantech supports the US Army PEO EIS International Program Division (IPD) with Systems Engineering and Technical Assistance (SETA) for Security Assistance, Foreign Military Sales (FMS), and Program Management services for C4ISR systems in both CONUS and OCONUS locations.

US Army

Zantech supports Army Criminal Investigation Command (CIC) change management with migration and configuration control for their software environments. Zantech's solution enables CIC data sharing across the Army law enforcement community.

Mission Value

Based on Zantech's outstanding performance, each of our US Army contracts have expanded in scope to support new requirements and our worldwide presence.

Zantech's attention-to-detail led to successful completion of 204 high-priority software tickets (PRs/CRs) in only three months at the US Army Training Support Center.
