Prime Contract

W15P7T19D0147

Eligible Agencies

All Federal and State Agencies
with C4ISR Requirements

ZANTECH

Zantech's Quality Management System (QMS) is *International Organization for Standardization (ISO) 9001:2015* registered, our project management and software engineering lifecycle processes are *Capability Maturity Model Integration (CMMI®) Maturity Level 3* assessed, our IT service management processes are *ISO/IEC 20000-1:2011 registered*, and our information security management processes are ISO 27001:2013 registered. Zantech's ISO/IEC 20000-1 and ISO 27001 registered processes are fully aligned with the *Information Technology Infrastructure Library (ITIL) framework*. Zantech has the financial resources, corporate infrastructure, and business systems to successfully RS3 customers.

Based on Zantech's outstanding performance, each of our US Army contracts have expanded in scope to support new requirements and our worldwide presence.

ZANTECH RS3 PMO

Zantech is in a strong position to respond to RS3 task orders. Zantech's RS3 PMO manages concurrent task orders, tracks metrics, and effectively controls performance. We possess extensive corporate capabilities, significant depth and breadth of skilled personnel, and proven management processes certified in accordance with industry best practices. Our Army PMO is supported by recruiters and technical staff to quickly address challenges and respond to new requirements.

RS3 is a multiple award IDIQ performance-based services contract that *provides customized best value solutions spanning C4ISR mission requirements worldwide*.
